

DELAWARE LEGISLATIVE BLACK CAUCUS

July 3, 2022

Chuck Klous
President
Indoor Track Delaware
2100 North Grant Ave
Wilmington, DE 19806

Dear: Chuck
Re: Delaware Indoor Track

We the members of the Delaware Legislative Black Caucus are in support of the indoor track Delaware mission to bring an indoor track to Delaware. We stand ready to assist in the development of the private and public partnerships that will be needed to bring this athletic complex to reality. The indoor track is a sound investment not only for our youth, schools, districts and travel clubs but also for our state and economy. The track will instantly become a desired destination within Delaware bringing with it tourism, jobs and revenue.

The indoor track has the potential to become a community building hub within our state. A state-wide complex that nurtures our young athletes and prepares them for next level competition by exposing them to other talented student athletes within the region.

We truly believe this is a win- win for our state. The indoor track complex is community and economic development at its best.

We need this in Delaware.

Kendra L. Johnson

State Representative, District 5
